Attractor Field Dynamics

Level of Consciousness

Underlying Attractor Field The energy field underlying this person's distress is:

Subjective Unit of Distress

Primary Source of Distress

How many quartiles are engaged?

L. O. C. Quartiles

Attractor Field Dynamics Protocol

Step 1: Preparation

Using a pendulum, practice the following techniques:

1. Check for and remove discordant energies or programs.
2. Verify that you are working with your higher self.
3. Determine at what % your intuition is. (only work with 100%).
4. Verify your **Yes** and **NO**.
5. Determine the **Level of Consciousness (LOC)** of your intentions / questions.
6. Obtain permission or determine that it is appropriate to ask questions.
7. Determine the person's LOC that you are working with.
8. Determine the Power of their associative LOC quartiles (using SUDS chart).
9. Calibrate their **Loving Thoughts** : (1 - 10).
10. Calibrate **Unloving Thoughts** : (-1 - -10). (negative values). The variance between the measurements demonstrate the Distortion from Truth. Loving Thoughts (Power) of 10 and unloving thoughts (Force) of 0 symbolizes the maximum human potential.

Attractor Field Dynamics Protocol

Step 2: Disengage Underlying Attractor Fields

The following techniques can be applied to clear attractor fields underlying all forms of disease.

Using a pendulum, determine the following:

1. The LOC energy field underlying this person's distress.
2. The Subjective Unit of Distress (SUDS).
3. The number of LOC quartiles engaged in their distress.
4. The force of each LOC quartile (using SUDS chart).

Using a pendulum, ask the following questions:

5. Does the person understand their distress? Ask them. Review the key words for each of their quartiles.
6. Does the person require a "spiritual kick"? Ask the pendulum. If the answer is yes – state: "Higher self I ask that you give 'Betty' a spiritual kick."
7. Is enough information available to disengage the force of the underlying attractor field, to clear the energy field (cause) including its symptoms (effect)?
8. If the answer is **YES** - start with The Clearing Process below, clearing the lowest valued quartile and, if required, continue on to the highest value.

Using a pendulum, proceed with the Clearing Process:

The Clearing Process:

9. Ask that the Discordant Symptom(s), Energy field(s) and underlying Attractor Field(s) be removed at **Root, Branch and Seed** on all levels.
10. State: "**God and I are one, together we are a team**". "**I seek only the highest Truth**". "**I completely and fully disengage and clear**"
11. After each clearing chase the field until it moves into an attractor field in the 200 plus range.
12. Once in the 200 range ask the person how they feel about the former distress.
13. Recalibrate their SUDS.
14. State to God that you while no do not understand what is required next, state that "**My Higher Self and I invite God to make what ever other adjustments are required for the person's highest good**". While this is occurring ensure that the person is not disturbed by others. Invite the person to recite with you "**God and I are one, together we are a team**".

Step 3: Aligning with Higher Attractor Fields

Using a pendulum:

1. Determine the Higher Self's LOC of the person that you are working with.
2. Determine the Power of each of their associative LOC quartiles, using the SUDS chart.

The Aligning Process:

3. Review each quartiles key words with the person, explaining the meaning of each.
4. Once completed ask if they are ready to engage the next highest field. Advise them that the higher field key words is their respective "food".
5. Start with the lowest valued quartile and commence with each quartile until completed.
6. Do so by stating "**Through my Higher Self and God I ask that 'so and so' align with the next higher quartile**".
7. Do so with clear loving intent and ask the recipient to welcome the energy.
8. Ask that each quartile is aligned, energized and activated at Root, Branch and Seed.
9. While engaging the higher field state that : "**God and I are one, together we work as a team**" ~and~ state that : "**I seek only the highest Truth**".
10. Once completed recalibrate their overall LOC.
11. Review the characteristics of the new LOC with the person.

Afterwards:

Encourage the person to take it easy, relax, get lots of rest, drink plenty of water, and to surround them self with loving people / situations for the next few days to permit their nervous system to adjust to the Power of their rejuvenated Being.
